## Book Descriptions:

### consew 230 service manual

If we dont have a listing for the name, please use the search function to see if there is any mention of it on our site. A quarterly magazine and access to our annual sewing machine auction are but two membership benefits. You will be greeted by the internets finest people and your enquiries will be answered by leading experts. It is not, nor ever will be, complete but we will endeavour to update it when new sources come to light. Instructions Please Note Do not contact any ISMACS official in an attempt to solicit a valuation it is not possible other than by handson assessment and your request will be ignored. Reproduction or copy of this page, in any form, in part or in whole, is strictly prohibited, without prior, written permission. It contains 25 pages of information on how to thread, maintain, and operate the machine. We do not ship outside the USA. We recommend anyone outside the USA to order the PDF download version. You will receive it the same day and save on shipping charges. There are literally hundreds of different brands and types of machines in use and hundreds of thousands of parts available for them. So do us both a favor Print a copy of your parts book from our website and keep it with the machine, then order by number. Downloads for many of the most common machines are shown below, but we can get you plenty of others. Just request one by the brand and class of machine and we'll email it to you. And even if some parts you need are not our web site, we can usually get them to you; just give us the numbers. Thanks. Login to post You might fine a model number that is close to yours and see if it looks like yours. The stitch length 04 dial was not working and was very tight. I tried to open it. Now the reverse handle is also not working and t Also google your make and model machine and the word Manual so you can properly learn to use the machine safely. Cheers, Kelly San Diego, CA Embroidery ServicesThe manual has OK diagrams, but the text is

Chinese.<http://cienciarazonyfe.com/assets/assets/userfiles/98-ford-contour-repair-manual.xml>

- **consew 230 service manual, consew 230 service manual pdf, consew 230 service manual download, consew 230 service manual free, consew 230 service manual instructions.**

The Consew 205RB1 is the same exact machine as the FY5318 and comes with the same manual but translated into English. It is downloadable from the Consew website. CAN you help When I was winding a thread I noticed that machine makes less noise. Then I realized why, the knee lifter got disconnected. I cant figure out how to fix. Answer questions, earn points and help others. I have many manuals but dont think I have one for the 99 A parts book will go a long way. Often I have had to rely on it to repair many machines. If you have a specific question contact me or contact Consew. I do however have an address and telephone number that you might be able to purchase one from them. Pfaff SALES AND MARKETING 610 WINTERS AVE. PARAMUS, N.J. 07652 2012727211 PFAFF SALES AND MARKETING 17852 GOTHARD ST HUNTINGTON BEACH, CA 92647 7143755665 And yes yours is called 6152 tipmatic. Heidi Kindest Regards, Richard. Login to post Does anyone know where I can find one I didnt see it on the following, but maybe a similar model is there Possibly the same or similar model for sale Where can I find these You might fine a model number that is close to yours and see if it looks like yours. The manual has OK diagrams, but the text is Chinese. The Consew 205RB1 is the same exact machine as the FY5318 and comes with the same manual but translated into English. It is downloadable from the Consew website. Its the same as the 230 r1 which i have. I found this information by calling the consew headquarters. You can also download a PDF with the full parts list for the 230 model specifically. This link may help Or, click on google and enter the search terms. There are a lot of places to get service manuals. Consews are

free. You may have to pay a few buck from other places but they arent expensive. Does anyone know where I can find one We have oil dripping from the pan beneath the sewing machine. What could cause this Need to reset the Skip stitch eccentric shaft and the ridge forming disc shaft.[http://www.lakepulaski.com/cms\\_uploads/98-fireblade-manual.xml](http://www.lakepulaski.com/cms_uploads/98-fireblade-manual.xml)

I disconnected ridge shaft, needle doesnt bind now Answer questions, earn points and help others.
