Page 11 English Playing the Digital Keyboard E9 Use the following procedure to change the tempo of the metronome. 1. Press 6. Use w slower and q faster to change the tempo setting.

Page 12 E10 Contr olling the Ke yboard Sounds Your Digital Keyboard lets you select tones for a wide variety of musical instrument sounds, in cluding violin, flute, orchestra, and more. Even the

same song sound takes on a different feel by changing the instrument type. Page 13 English Controlling the Keyboard Sounds E11 Reverb adds reverberation to notes. Page 14 Controlling the Keyboard Sounds E12 The transpose feature lets you change the pitch, in semitone steps. For example, you could sample the bark of your dog and then use the sound in a melody. The keys to the left and right of C4 play the sound at different pitches. Page 18 Controlling the Keyboard Sounds E16 Use the following procedure to replace a percussive instrument with a sampled sound you sampled with short sampling and play auto accompaniment rhythms page E29 with it. 1. Press 3 FUNCTION and 4 at the same time. Page 19 English E17 Playing Builtin Songs With this Digital Keyboard, built in tune data is referred to as "songs". You can listen to the builtin songs for your own enjoyment, or you can play along with them for practice. Page 20 Playing Builtin Songs E18 3. Press bl. This starts playback of the song. 4. Press bl again to stop playback. Song playback will continue repeat until you press bl to stop it. You can cancel song repeat by pressing 7. Use the operations in this section to perform pause, skip forward, and skip back operations. Page 21 English Playing Builtin Songs E19 2. When song playback reaches the measure you want to specify as the start measure, press 7. This specifies the measure as the start measure. 3. When playback reaches the measure you want to select as the end measure, press 7 again. Page 22 Playing Builtin Songs E20 The procedure below lets you select the same keyboard tone as the one being used in the song and play along with your favorite tunes. 1.

After selecting a song, hold down bp SONG BANK for about two seconds until the displayed tone name changes to the tone name of the song. Page 23 English E21 Using Builtin Songs to Master Keyboard Play To master a song, it is best to break it up into shorter parts phrases, master the phrases, and then put everything together. Your Digital Keyboard comes with a Step Up Lesson feature that helps you to do just that. Page 24 Using Builtin Songs to Master Keyboard Play E22 The following are the messages that appear on the display during Step Lessons. First, select the song, phrase, and part you want to practice. 1. Select the song you want to practice page E17. This will select the first phrase of the song. Page 25 English Using Builtin Songs to Master Keyboard Play E23 Now it is time to start the lessons. First, select the song and part you want to practice. First, listen to the example a few times to familiarize yourself with what it sounds like. 1. Press br. Page 26 Using Builtin Songs to Master Keyboard Play E24 Though song playback stands by waiting for you to press the correct keys as in Lesson 2, the Digital Keyboard does not provide any guidance about what note you need to play next. Remember everything you have learned up to Lesson 2 as you play. Page 27 English Using Builtin Songs to Master Keyboard Play E25 Use the following procedure to turn off note guide, which sounds the note to be played next in Lesson 2 and Lesson 3. 1. Press 3 FUNCTION a number of times until "NoteGuid" appears on the display page E4. Page 29 English E27 Music Challenge Keyboard Game Music Challenge is a game that measures your reaction speed as you press keys in response to on screen keyboard indicators and fingering guide indications. 1. Press bp SONG BANK. 2. Press cm. This causes a key on the onscreen keyboard to start to flash, and starts the Music Challenge song. After a short while, the playing time display changes to an evaluation result.

To clear the evaluation result from the display, press bn TONE, bo RHYTHM, or bp SONG BANK. Page 31 English E29 Using Auto Accompaniment With Auto Accompaniment, simply select an accompaniment pattern. Each time you play a chord with your left hand the appropriate accompaniment will play automatically. It's like having a personal backup group along with you wherever you go. Page 32 Using Auto Accompaniment E30 Playing a chord with your left hand automatically adds bass and harmony accompaniment parts to the currently selected rhythm. It is just like having your own personal backup group on call. 1. Start play of the Auto Accompaniment rhythm part. Some chord forms are abbreviated, and can be fingered with one or two keys. You can send play data from the Digital Keyboard to music software running on your computer, or you can send MIDI data from your computer to the Digital Keyboard for playback. Page 39 English

Connecting External Devices E37 This Digital Keyboard can be connected to commercially available stereo, amplifier, or recording equipment, to a portable audio player or other equipment. Connection requires commercially available connecting cords, supplied by you. Page 40 E38 Reference Troubleshooting Symptom Action Included Accessories I can't find something that should be here. Carefully check inside all of the packing materials. Page 41 English Reference E39 Some notes are cut off while they are playing. Notes are cut off whenever the number of notes being sounded exceeds the maximum polyphony value of 48 24 for some tones. This does not indicate malfunction. The volume or tone setting I made has changed. Be sure to read and observe the following operating precautions. Inverted forms are not supported. Esta marca de reciclaje indica que el empaquetado se ajusta a la legislación de protección ambiental en Alemania.
